Bad countries	\$0.25

Tracking

We count uniques with cookies expiring after 24 hours, the cookie contains your webmaster id. One uniq is belong to the webmaster, not to a specific domain. It does not matter - for the example - if your trade partner already sent that visitor to us, because it's still get counted under you. We count hits only video pages.

Domain verification

Please make sure, that you have verified your domains before starting to send traffic! We don't count hits from non-verified domains. After verification please wait atleast 60 minutes to see your incoming hits.

Illegal sites

We don't accept hits from Rape-, Lolita-, Bestialiy sites or any other sites that we deem innapropriate.

Frames

You are not allowed to put our galleries into frames.

Good and bad countries

We count United States, Canada, Australia, Austria, Germany, Switzerland, Belgium, Italy, France, United Kingdom, Ireland, Netherlands, Sweden, Finland, Norway, Denmark and New Zealand as good countries.

All other countries are counted as bad, since our advertisers are not interested in traffic from these countries.

This list could vary as we get new advertisers from specific countries. Please note, that we do not count traffic from countries where surfing pornography is against the law!

Removed videos

Please check the counter next to your domains to see the hits that you send to a removed video.

Payments

We pay one time a month. We close earnings on the last day of the actual month and start to pay continuously. You can expect your previous month earnings to be paid out before the 20th day of the current month.

Payment methods

At the moment we pay by WebMoney, Payoneer, Paxum and Wire.

Minimum payment

Our minimum payment is \$50.

Payment fees

For Payoneer we deduct \$2 from your ballance before payment. Wire transfer fee is \$40. Paxum transfer fee is \$1.
